1. PURPOSE AND SCOPE
To provide the Terms of Reference for the Prevocational and Skills Education Committee (PSEC), formerly known as the Skills Education Committee (SEC).

2. KEY WORDS
Skills courses, Prevocational and Skills Education Committee, PSEC, skills training, curriculum, surgical science examination, pre-vocational doctors, JDocs; terms of reference

3. BODY OF POLICY
3.1. Background
In recognition that speciality technical skills acquisition is the responsibility of the speciality training boards, a cohesive educational approach is required to establish clinical skills training as an integral component of the SET training program and the PSEC was initially established as the focal point for this development.

The PSEC is the governing committee for JDocs with responsibility for its ongoing development and uptake by junior doctors and related stakeholders.

3.2. Objectives
3.2.1. To maintain educational standards in the delivery of early clinical skills training with responsibility for the promotion of clinical skills training.
3.2.2. To support research initiatives which validate the efficacy of skills training.
3.2.3. To support the RACS skills course instructor workforce.
3.2.4. To develop partnerships with external providers of skills training to enhance the JDocs resources and the SET program with responsibility for accreditation standards of relevant resources.
3.2.5. To oversee the development and dissemination of the JDocs Framework and resources.

3.3. Duties and Responsibilities
3.3.1. To provide accreditation standards for skills courses ensuring they meet the required educational standards and RACS competencies in conjunction with the specialties who are responsible for their curricula or in accordance with the JDocs Framework.
3.3.2. Ensure that RACS Skills Courses which complement or substitute clinical training undertake appropriate curriculum development and review.
3.3.3. Monitor instructor workforce changes and methods of retention and recruitment.
3.3.4. Work with the Academy of Surgical Educators in supporting surgical educators and instructors.
3.3.5. Explore alternative educational tools and models for clinical skills training.
3.3.6. Promote research which validates the use of simulation environments as an adjunct to clinical experience.
3.3.7. Receive reports and provide strategic advice to the Skills and Education Centre (SEC).
3.3.8. Oversee the development or identification of educational resources and assessment processes for pre-vocational doctors to support their acquisition of attributes, knowledge and skills required to contribute to the surgical team as a junior clinical member and to perform at the requisite level for a junior registrar.

3.3.9. To monitor the engagement in the JDoc Framework and resources for uptake and ongoing relevance to the intended audience.

3.3.10. To oversee the development of relationships in the clinical environment which will support the use and dissemination of the JDoc Framework, e.g. with surgeons, directors of prevocational training and medical education officers.

3.4. **Powers**

The PSEC has such executive powers, supervisory functions and decision-making authority as the Education Board determines.

3.5. **Composition**

In line with the RACS Diversity & Inclusion Plan, RACS seeks to increase diversity on our committees, particularly the representation of women. RACS recognises the many benefits that diversity in composition and thought brings to a committee.

RACS has set itself targets to have women comprise at least 40% of committee membership by 2020. With this in mind, PSEC will take proactive steps to reach this target.
