1. How to log on to the Fellows' Interface?

Directly:

- Go to <https://asm.surgeons.org/>
- Enter your user identification (ID) and password – ANZASM credentials
- Single sign on – sign in using your RACS credentials.

Alternatively:

Click on the link in the email that you have received from the audit office notifying you of a new surgical case form or first-line assessment for completion.

Note:

If you do not have a user ID and password or cannot remember the details, contact the audit office by selecting the help link (see below) on the login page. You will be issued with your login details.

If you have forgotten your password, select the “reset password” link and your password will be reset and sent to you by email.

2. How to use the Fellows' Interface?

Need help? Have a query? (During office hours 9am to 5pm)

- Select the Help tab (see below) at the top of your summary page for the Audit Office contact details.

Need help? Have a query? (Out of office hours)

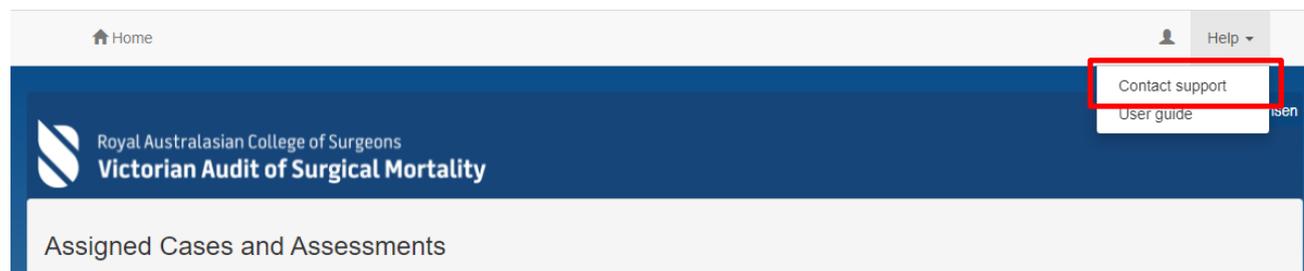

- Select the Contact and support tab (see below) to send an email.

Have a suggestion or feedback?

- Select the Contact and support tab (see below) to send an email.

When logged on, your audit summary page with will show the following:

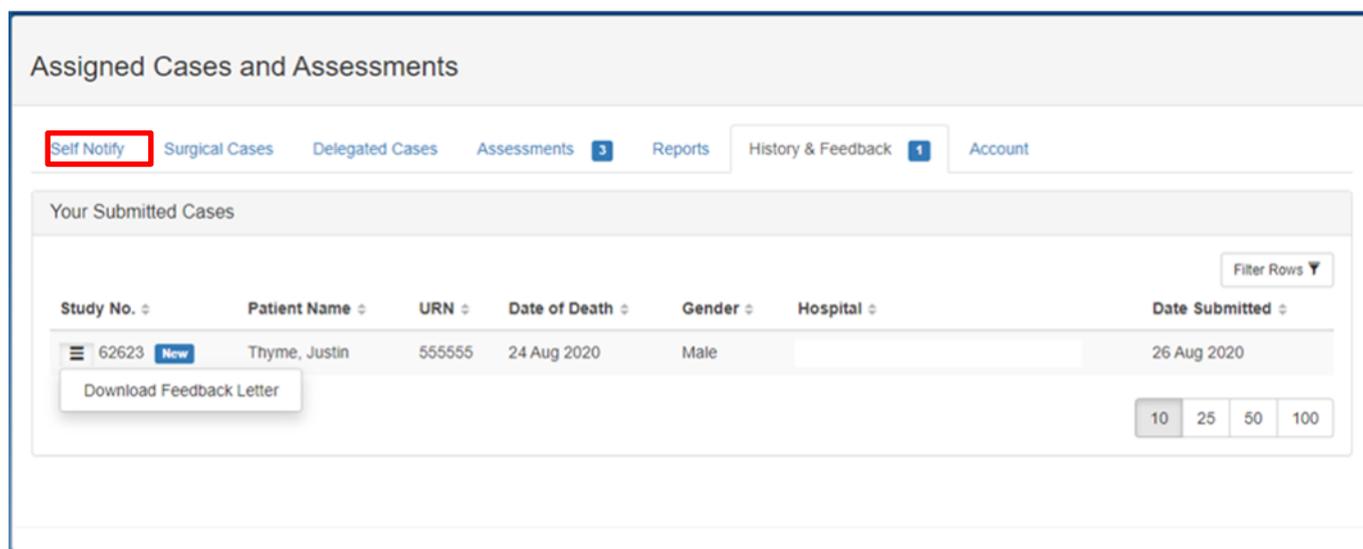

- Self Notify
- Surgical Cases
- Delegated Cases
- Assessments
- Reports
- History
- Accounts

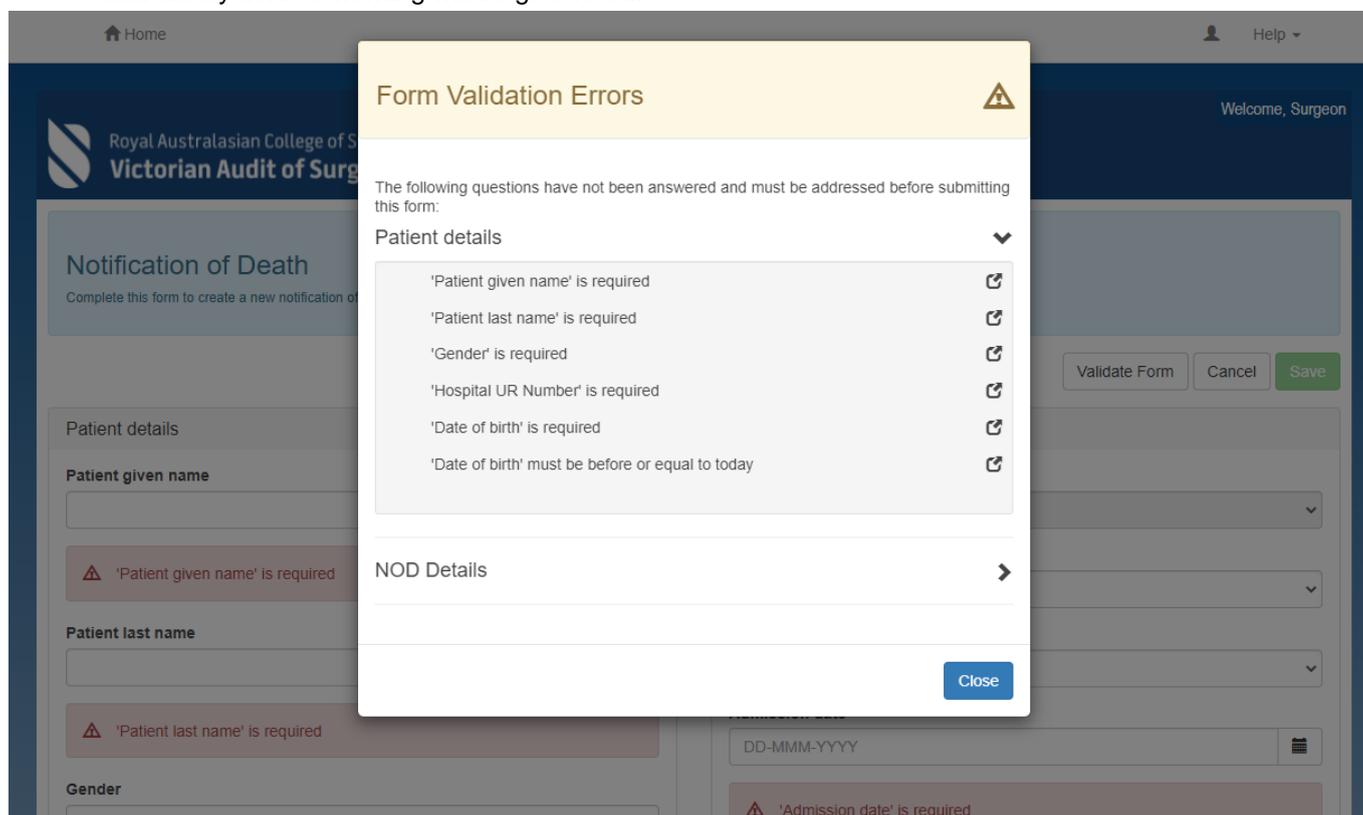

3. How to self-notify an audit case?

The Fellows' Interface has been enhanced to enable users to generate their own notifications of death. From this notification of death, the interface will create a new case with a unique study ID and enable the user to seamlessly complete and submit the surgical case form online. The case can also be delegated once it has been created. ([See page 11](#))

- a. To self-generate a notification of death (NOD) via Fellows' Interface login into the interface using your user ID and password and then click on **Create**.

- b. Please complete all the fields. If an attempt is made to save the notification without populating all the mandatory fields a warning will be generated.

- To see which mandatory fields are yet to be complete, click Actions, check form.

- Once you have populated all the mandatory fields select the **save** button.

- At this point the interface will create a case with a unique study ID and prompt the user to click on **Complete the Surgical Case Form** to complete the surgical case form or to delegate the surgical case form.

- The user can now complete the surgical case form or if necessary save it for later submission. If the user attempts to submit a surgical case form without populating all the fields, a warning is generated highlighting all the incomplete fields.

- Alternatively, if the user selects **save and submit** later the case will appear on the interface summary page.

The screenshot shows the 'Assigned Cases and Assessments' dashboard. At the top, there is a navigation bar with 'Home' and 'Help' links. Below this is the header for the 'Royal Australasian College of Surgeons Victorian Audit of Surgical Mortality' with a 'Welcome, Surgeon' message. The main content area is titled 'Assigned Cases and Assessments' and features a tabbed interface with 'Surgical Cases' (1) selected. Below the tabs, there is a section for 'Your Pending Surgical Cases' containing a table with columns for Status, Study No., Case Specialty, Patient Name, and URN. A single row is visible with the following data: Status: Surgical Case Pending (with a 'New' tag), Study No.: 63690, Case Specialty: General Surgery, Patient Name: Snow, John, and URN: 123456. A 'Filter Rows' dropdown and pagination controls (10, 25, 50, 100) are also present.

Once the user has populated all the incomplete fields, the **Submit** button will become enabled, which indicates that the surgical case form is **ready for submission** to the audit office.

The screenshot shows the 'Surgical Case Form' summary page. The header is identical to the previous screenshot. The main content area is a yellow box titled 'Surgical Case Form' containing the following information: Study Number 63690, Specialty: General Surgery, Hospital: General Hospital, Patient UR No.: 123456, Gender: Male, Age: 74, Patient DOB: 21/08/1947, Date of Death: 18/02/2022, and Admission Date: 01/02/2022. At the bottom right, there is a row of buttons: 'Actions', 'Validate Form', 'Save', and 'Submit'. The 'Submit' button is highlighted with a red box, indicating it is now enabled.

4. Surgical Case Forms (SCFs)

How to view/complete a surgical case form?

- Click on the case you want to view or edit.

How to reject a Surgical Case Form (if the assigned patient is not yours)?

- Click on the case you want to reject.
- Select the **Actions** tab and then select **Reject Case** (see below).
- State your reasons for rejecting the case.

Welcome, Surgeon

Royal Australasian College of Surgeons
Victorian Audit of Surgical Mortality

Surgical Case Form
Study Number 63690

Specialty: General Surgery | Hospital: General Hospital | Patient UR No.: 123456
Gender: Male | Age: 74 | Patient DOB: 21/08/1947
Date of Death: 18/02/2022 | Admission Date: 01/02/2022

Actions | Validate Form | Save | Submit

Delegate case
Reject case

How to submit a Surgical Case Form?

- Complete the form (including a review of any incomplete fields)
- Select the **Submit** button (see below) if this button is not active and will not allow you to submit the case you will need to select the validate button to complete the data.

Welcome, Surgeon

Royal Australasian College of Surgeons
Victorian Audit of Surgical Mortality

Surgical Case Form
Study Number 63690

Specialty: General Surgery | Hospital: General Hospital | Patient UR No.: 123456
Gender: Male | Age: 74 | Patient DOB: 21/08/1947
Date of Death: 18/02/2022 | Admission Date: 01/02/2022

Actions | Validate Form | Save | Submit

How to save (and edit) your Surgical Case Form (for a later date)?

- To save select the **Save** tab (see below)

Note: A prompt will appear at the bottom of the screen confirming that all data already entered has been saved.

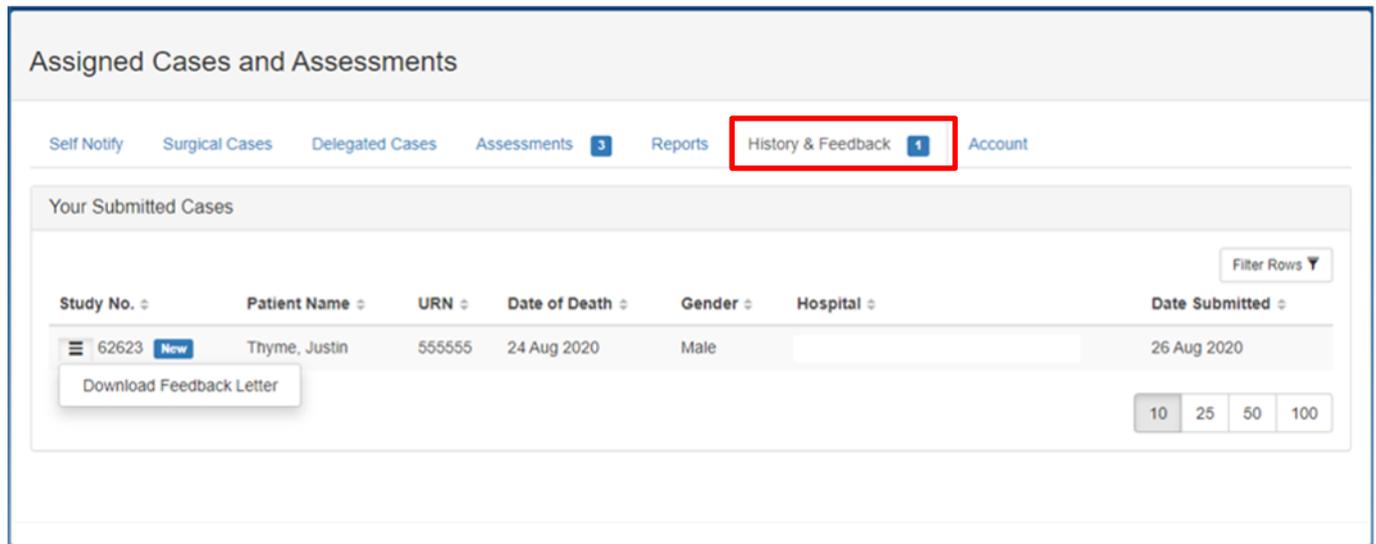

- To save and close select the **Save** tab and select **Save and Close** (see below)

The screenshot shows the 'Surgical Case Form' interface for the Victorian Audit of Surgical Mortality. The header includes the Royal Australasian College of Surgeons logo and the text 'Welcome, Surgeon'. The form displays patient information: Study Number 63690, Specialty: General Surgery, Hospital: General Hospital, Patient UR No.: 123456, Gender: Male, Age: 74, Patient DOB: 21/08/1947, Date of Death: 18/02/2022, and Admission Date: 01/02/2022. Below the patient information are buttons for 'Actions', 'Validate Form', 'Save', and 'Submit'. The 'Save' button is highlighted with a red box. Below the buttons is a section for 'Inclusion criteria' with a dropdown arrow. The first question is 'Was terminal care planned for this patient prior to or on admission?' with radio buttons for 'Yes' and 'No'. A red error message is displayed below the question: 'Was terminal care planned for this patient prior to or on admission?' is required. Below the inclusion criteria are sections for 'Admission details' and 'Operative details', both with right-pointing arrows. At the bottom right, a green success message 'Your case was saved successfully.' is displayed, also highlighted with a red box. The footer contains links for 'About ANZASM', 'Disclaimer', and 'Contact us', and a copyright notice for the Royal College of Surgeons.

5. How to view a summary of all your submitted SCFs?

- Select the **History & Feedback** tab (see below).
- Click on the case you want to view.

Note: The “submitted” Surgical Case Forms can be viewed but not edited.

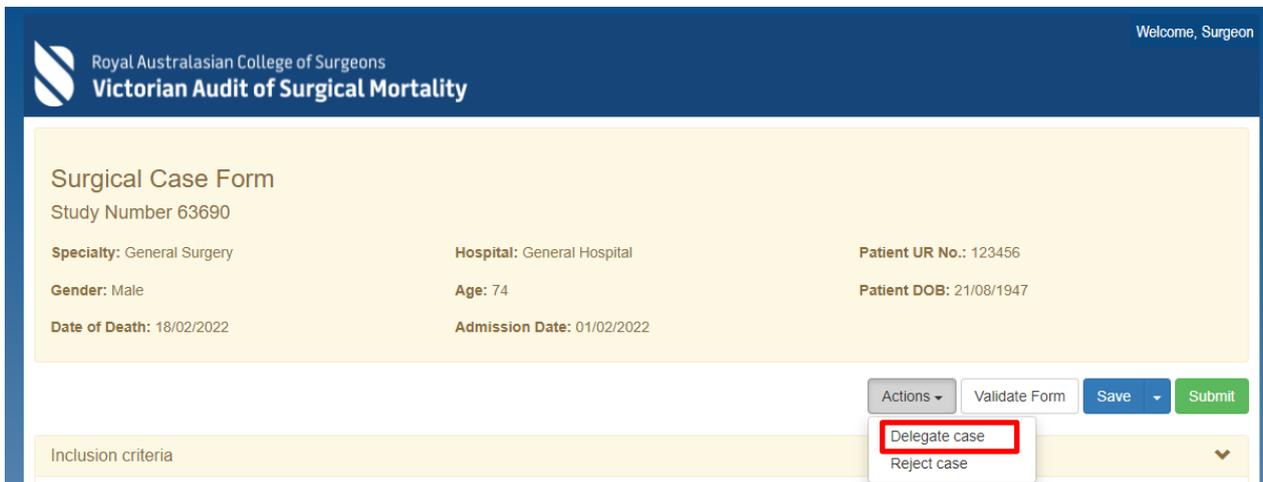

The screenshot displays the 'Assigned Cases and Assessments' interface. At the top, there are navigation tabs: 'Self Notify', 'Surgical Cases', 'Delegated Cases', 'Assessments' (with a count of 3), 'Reports', 'History & Feedback' (with a count of 1 and highlighted by a red box), and 'Account'. Below the tabs is a section titled 'Your Submitted Cases'. This section contains a table with the following columns: 'Study No.', 'Patient Name', 'URN', 'Date of Death', 'Gender', 'Hospital', and 'Date Submitted'. A 'Filter Rows' dropdown is located in the top right corner of the table area. The table contains one row of data for a case with Study No. 62623, Patient Name Thyme, Justin, URN 555555, Date of Death 24 Aug 2020, Gender Male, and Date Submitted 26 Aug 2020. A 'Download Feedback Letter' button is visible below the first row. At the bottom right of the table, there are pagination controls with buttons for 10, 25, 50, and 100 rows.

Study No.	Patient Name	URN	Date of Death	Gender	Hospital	Date Submitted
62623 New	Thyme, Justin	555555	24 Aug 2020	Male		26 Aug 2020

6. How to delegate a surgical case form?

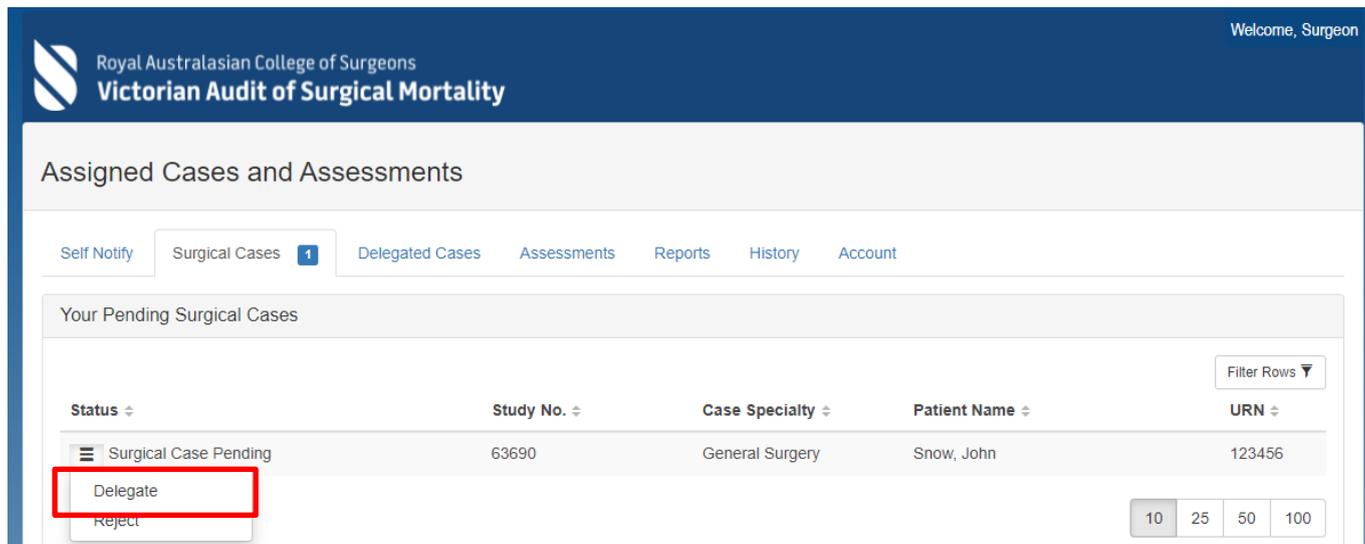

The Fellows' Interface has been enhanced to enable Consultants to delegate their own surgical case forms to a registrar for completion. Once the delegate (registrar) has completed the SCF it will be returned to you online for review before you submit to the audit office.

- Click on the case you want to delegate in the pending surgical case forms field.
- Select the **Action** tab and click **Delegate case** (see below).

The screenshot shows the 'Surgical Case Form' interface for the Victorian Audit of Surgical Mortality. The form displays patient details: Study Number 63690, Specialty: General Surgery, Hospital: General Hospital, Patient UR No.: 123456, Gender: Male, Age: 74, Patient DOB: 21/08/1947, Date of Death: 18/02/2022, and Admission Date: 01/02/2022. At the bottom right, there is an 'Actions' dropdown menu with options 'Validate Form', 'Save', and 'Submit'. The 'Actions' dropdown is open, and 'Delegate case' is highlighted with a red box. Below it, 'Reject case' is also visible.

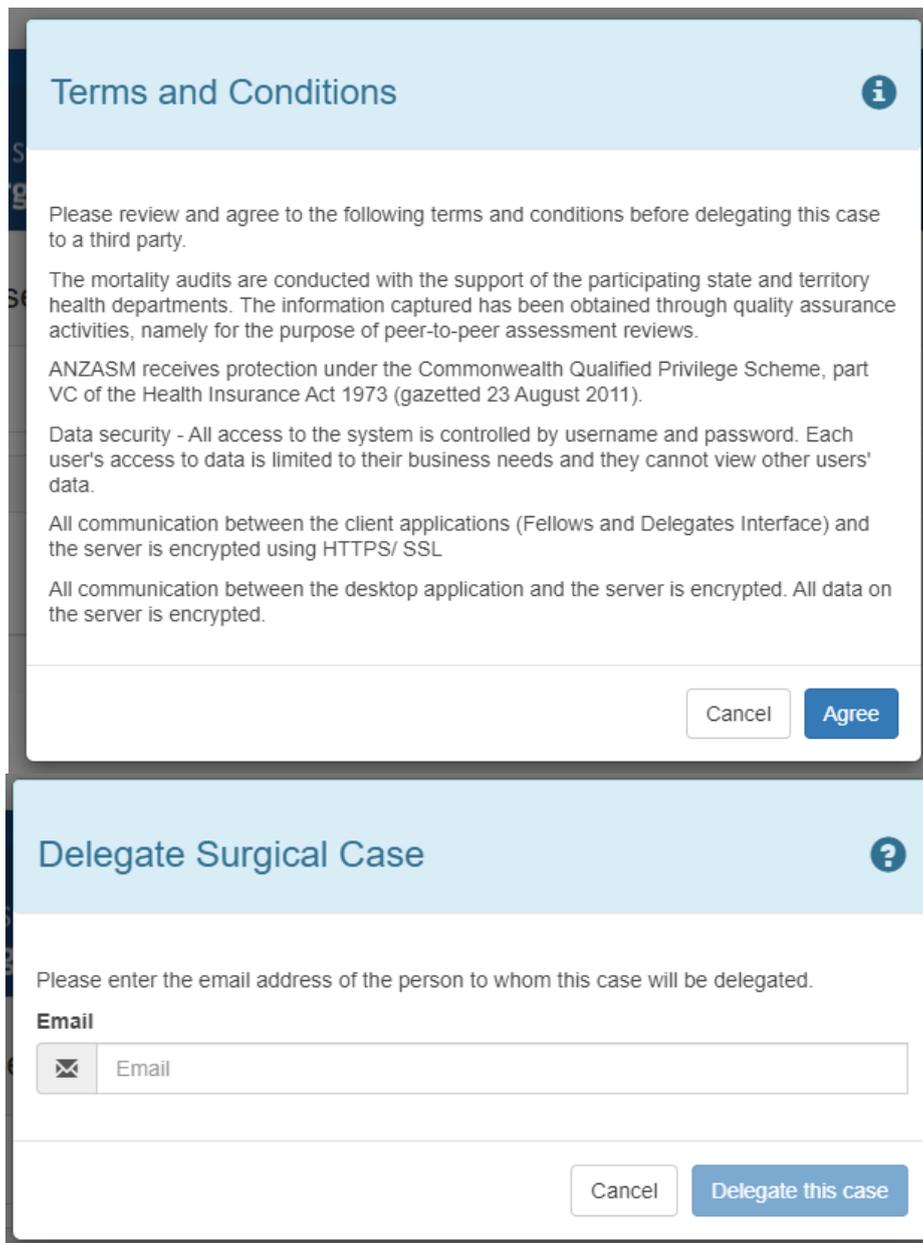

Alternately you can use the ellipses on the left-hand side of the surgical case form to access the action buttons.

The screenshot shows the 'Assigned Cases and Assessments' interface. It features a navigation bar with tabs: 'Self Notify', 'Surgical Cases' (with a count of 4), 'Delegated Cases', 'Assessments', 'Reports', 'History', and 'Account'. Below the navigation bar, there is a section titled 'Your Pending Surgical Cases'. A table lists the cases with columns for Status, Study No., Case Specialty, Patient Name, and URN. The first row shows 'Surgical Case Pending', Study No. 63690, Case Specialty 'General Surgery', Patient Name 'Snow, John', and URN 123456. A red box highlights the 'Delegate' button in the 'Status' column of this row. A 'Filter Rows' dropdown is visible in the top right corner of the table area.

This will generate a dialog box titled "Terms and Conditions".

- After you have read the terms and conditions you will need to accept them
- You are then required to enter the email address of the person you wish to delegate this case to.
- This cannot be another Consultant. If you believe that this case is not yours then you will need to reject the case, stating your reasons for rejecting the case and the audit office will then reassign it to the nominated Consultant.

- If the delegate is already registered with the audit they will then receive an email prompting them to complete the SCF, if not you will be asked to confirm the email address to ensure it is going to the correct person.

Note: There are three cases status for delegated cases:

- **Delegate Case Pending** indicates that the case has been delegated to a registrar delegate and is awaiting completion
- **Delegate Case Incomplete** indicates that a delegate has begun completing a case but has not yet submitted it for approval
- **Delegate Case Complete** indicates that a case has been completed by a delegate and is waiting for your approval before being submitted to the audit office

Status	Study No.	Delegated To	Patient Name	URN
Delegated Case Pending	63690	delegate@test.com	Snow, John	123456

- If a case has been delegated incorrectly, you can recall the case by clicking the **Recall case** button. Recalled cases can then be reassigned to an alternate delegate through the same process.

How to save (and edit) your First-line Assessment (for a later date)?

- Select the **Save** button (see below)

Note: A prompt will appear at the bottom of the screen confirming that all data already entered has been saved.

- To save and close select the **Save** tab and select **Save and Close** (see below)

The screenshot shows the 'First Line Assessment' form for Study Number 63693. The patient's details are: Specialty: General Surgery, Gender: Female, Age: 74, Patient DOB: 04/06/1947, Date of Death: 18/02/2022, and Admission Date: 21/01/2022. The form is divided into two main sections: 'Surgical Case Form' on the left and 'Assessment Form' on the right. The 'Surgical Case Form' includes 'Inclusion criteria' (with a question about terminal care), 'Admission details', and 'Operative details'. The 'Assessment Form' includes an 'Assessment Appraisal' section with three questions. The 'Save' button in the top right corner is highlighted with a red box. A success message 'Your assessment was saved successfully.' is also highlighted with a red box.

- Once you have been allocated a First-line Assessment and attempted to view/edit the case you will note that you have access to the relevant Surgical Case Form via the **“Surgical Case”** tab (illustrated below) which appears on the left-hand side of the screen. The **“First-line Assessment”** tabs to complete the FLA appears on the right-hand side of the screen.

This screenshot is identical to the one above, showing the 'First Line Assessment' form. The 'Save' button in the top right corner is highlighted with a blue box.

8. Audit Activities, CPD Points & Progress Reports:

Users can view their audit activities i.e. how many Surgical Case Forms and First-line Assessments they have submitted to the audit office and how many of their cases were sent for Second-line Assessment (illustrated below).

Users are also able to access information regarding CPD points and generate a report outlining their progress within the audit (illustrated below).

The screenshot displays the 'Assigned Cases and Assessments' page of the Victorian Audit of Surgical Mortality (VASM) system. The page header includes the Royal Australasian College of Surgeons logo and the text 'Welcome, Surgeon'. The main navigation bar contains tabs for 'Self Notify', 'Surgical Cases', 'Delegated Cases', 'Assessments', 'Reports' (highlighted with a red box), 'History', and 'Account'. Below the navigation bar, the 'Activity Summary and Reports' section is visible. It features a 'Summary of VASM Activities' table with two columns: 'Surgeon's Caseload' and 'Assessments Undertaken'. The 'Surgeon's Caseload' table shows 'Surgical Case Forms submitted' and 'Surgical Cases that required a Second Line Assessment', both with a value of 0. The 'Assessments Undertaken' table shows 'First Line Assessments performed' and 'Second Line Assessments performed', both with a value of 0, and 'Average number of Surgical Cases requiring Second Line Assessment for General Surgery' with a value of 1. To the right of the table is a 'Request a Summary Report' section with 'Start Date' (1-Jan-2021) and 'End Date' (31-Dec-2021) fields, each with a calendar icon, and a 'Submit a request' button. Below the table and form is a text box containing information about CPD points: 'Your involvement in ANZASM is recognised by the Royal Australasian College of Surgeons CPD program under Category One - Surgical Audit and Peer Review and points for participation in assessments are credited to category Two - Clinical Governance and Qualified Improvement. You will collect one point for the completion of surgical case forms, two points for the completion of first line assessments, and four CPD points for the completion of second line assessments. For more information on CPD online, please login to the CPD page at the College website using your College login details.' The 'CPD page at' link is highlighted with a red box.

You cannot edit this case

2. A window will appear asking you provide a password. The submit button will become enables once a valid password is entered and confirmed. If you do not wish to add a password, you can move to the next step by clicking skip.

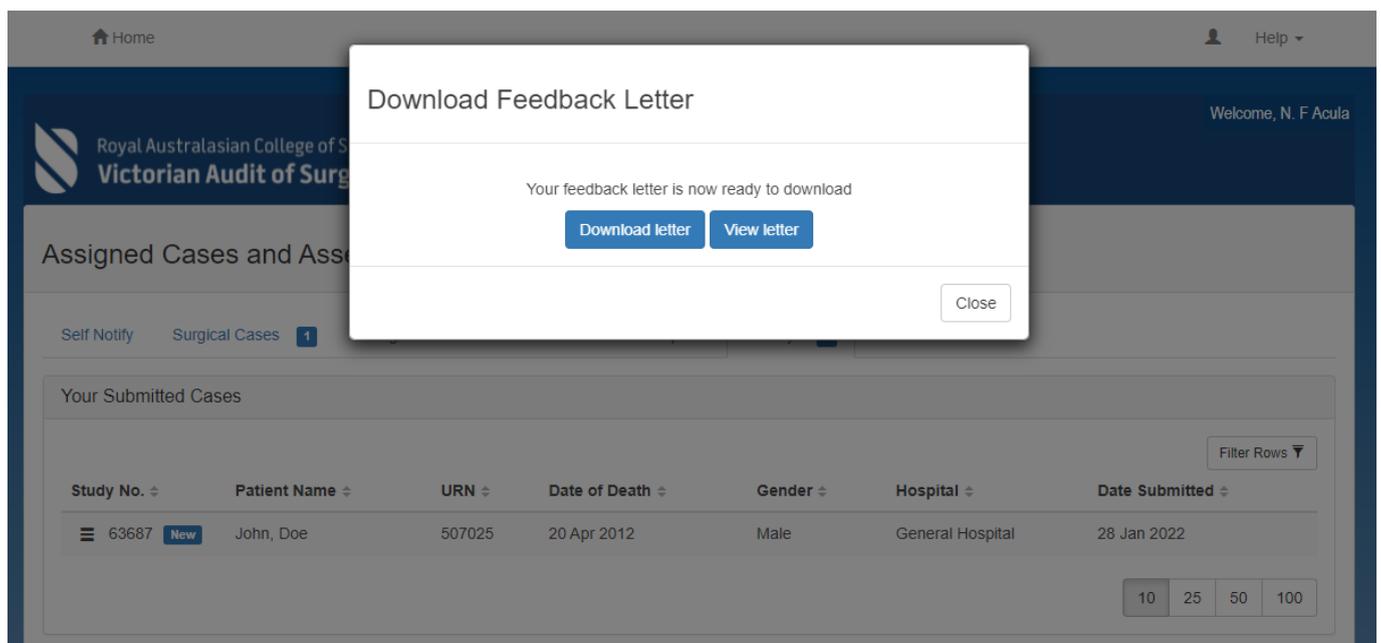

Note: It is strongly recommend that feedback letters be password protected when using shared devices to ensure private information remains confidential.

Note: The password is used to secure the feedback letter and will be required each time the feedback letter is opened. Do not use your Fellows Interface password as the feedback letter password.

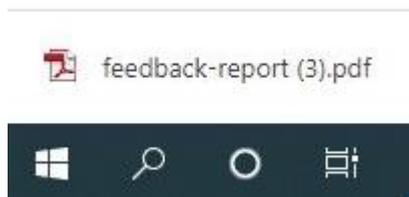

Passwords should be between 6 and 20 characters long, contain only alphanumeric characters and the symbols @, !, #, %, \$ and should be unique to each feedback letter.

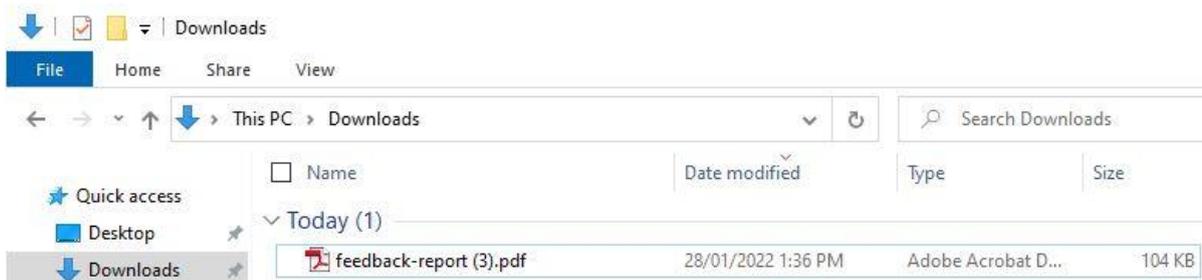

3. After a valid password has been submitted, the feedback letter will be generated, this may take a few seconds, once ready you can chose to either download the feedback letter or view it in browser.

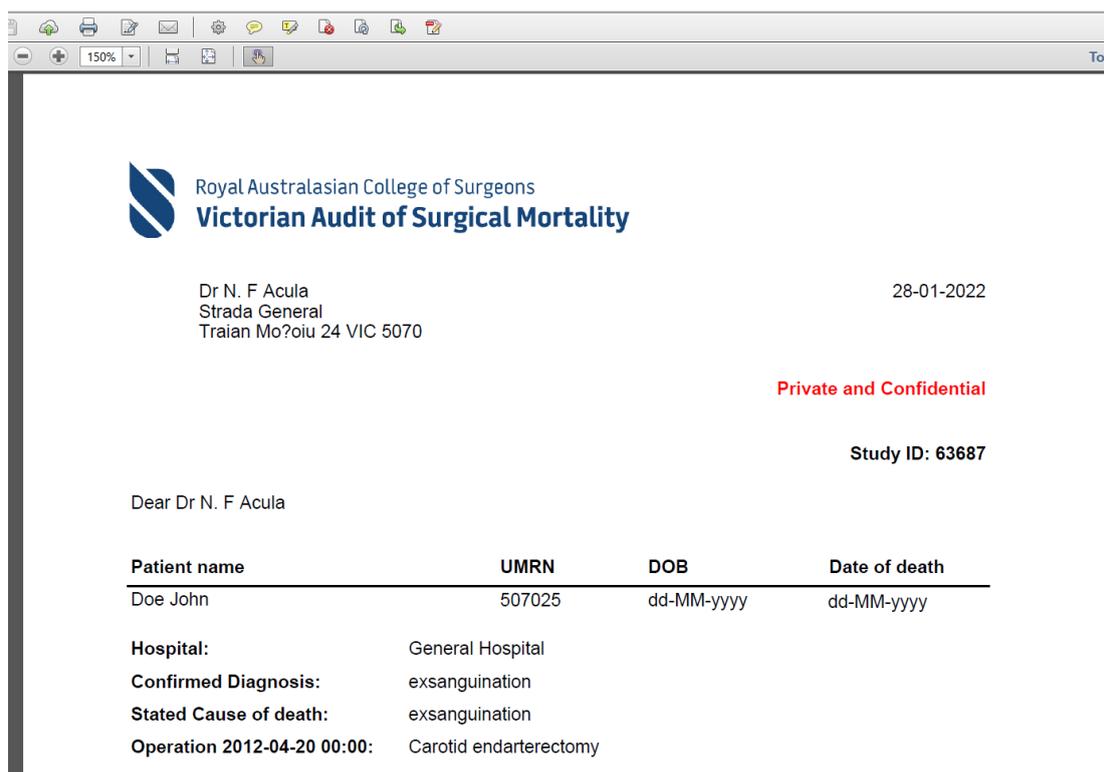

The feedback letter will be downloaded to your default downloads folder. Depending on which web browser you use, the download may appear in the bottom left hand corner of the screen.

4. Navigate to your downloads file location to open the file.

5. When opening the feedback letter you will be prompted to enter the password you set in step 3. Enter the password to gain access to the feedback letter.

10. Account

The account tab allows you to manage your account details. This includes updating your email address and password.

The screenshot shows the 'Account' tab in the 'Assigned Cases and Assessments' section. The page header includes the Royal Australasian College of Surgeons logo and the text 'Welcome, Surgeon'. The 'Account management' section contains two main areas: 'Account management' and 'Update password'. The 'Account management' section has input fields for 'Email Address' (containing 'doctor.surgeon@surgeons.org') and 'Username' (containing 'test-vasm'), with a 'Save' button. The 'Update password' section has a heading, a list of complexity conditions, and three password input fields: 'Current password', 'New password', and 'Confirm new password', with an 'Update' button.
