

Functional Definitions for Case Record Forms

<i>ID</i>	<i>Question</i>	<i>Field name</i>	<i>Definition</i>	<i>Data Codes</i>	<i>Database</i>	<i>Field type</i>	<i>Format</i>	<i>Constraints</i>
1	UR Number	PatientUrNo	Patient Unit Record Number, a unique identifier of the patient within a hospital	Unique patient identifier provided by hospital on the Notification of Death (NOD) submission	BAS / Teleform	Text	Alphanumeric	Hard Check Compulsory entry
2	Study number	NODID	The Victorian Audit of Surgical Mortality unique study number generated by Bi-national Audit of Surgical mortality database upon entry	Unique numeric Notification of Death (NOD) ID generated from BAS	BAS / Teleform	Print Field	Numeric	Hard Check Compulsory entry
3	Office use	EnteredBy	To contain the initials of the case owner of the case, NOD entry person's responsibility to assign the cases to the appropriate staff member	Initials of the case owner	Teleform	Text	Alphanumeric	Hard Check Compulsory entry
4	Hospital / Health Service	HospitalName	Name of reporting hospital or health service where the death occurred	Assessor's comments = Free text	BAS / Teleform	Text	Alphanumeric	Soft check Optional entry
5	Date of birth	PatientDOB	Date of birth of the deceased patient	Assessor's comments = Free text	BAS / Teleform	Text	Alphanumeric	Soft check Optional entry
6	Date of admission	AdmissionDate	Date which patient was presented to hospital	Assessor's comments = Free text	BAS / Teleform	Text	Alphanumeric	Soft check Optional entry
7	Date of discharge	DischargeDate	Date which patient was released from the hospital	Assessor's comments = Free text	BAS / Teleform	Text	Alphanumeric	Soft check Optional entry

<i>ID</i>	<i>Question</i>	<i>Field name</i>	<i>Definition</i>	<i>Data Codes</i>	<i>Database</i>	<i>Field type</i>	<i>Format</i>	<i>Constraints</i>
8	Date of death	DateOfDeath	Date which patient was confirmed dead	Assessor's comments = Free text	BAS / Teleform	Text	Alphanumeric	Soft check Optional entry
9	First name	DocGivenName	First name of surgeon responsible for the patient	Assessor's comments = Free text	BAS / Teleform	Text	Alphanumeric	Soft check Optional entry
10	Last name	DocLastName	Surname of surgeon responsible for the patient	Assessor's comments = Free text	BAS / Teleform	Text	Alphanumeric	Soft check Optional entry
11	Was this patient admitted for terminal care?	TerminalCareAdmission	Was this patient admitted during their terminal phase or last few days of life (when the person is irreversibly dying)	1 = Yes 2 = No	BAS / Teleform	Choice Field	Numeric	Soft check Optional entry
12	Was an operation performed on this terminal patient?	OperationPerformedOnTerminal	Did this patient who was admitted during their terminal phase undergo any surgical procedures	1 = Yes 2 = No	BAS / Teleform	Choice Field	Numeric	Hard check Compulsory entry if 11 = 1
13	Status of surgeon completing form	SurgeonGradeCompleting	Qualification level of surgeon completing the Case Record Form (CRF)	1 = Consultant 2 = Advanced Surgical Trainee 3 = Service Registrar 4 = Basic Surgical Trainee 5 = GP Surgeon 6 = Other (specify)	BAS / Teleform	Choice Field	Numeric	Soft check Optional entry

<i>ID</i>	<i>Question</i>	<i>Field name</i>	<i>Definition</i>	<i>Data Codes</i>	<i>Database</i>	<i>Field type</i>	<i>Format</i>	<i>Constraints</i>
14	Speciality of consultant surgeon in charge of patient	ConsultSurgeonSpecialtyID	Primary specialty of consultant surgeon responsible for the patient	1 = General 2 = Vascular 3 = Urology 4 = Neurosurgery 5 = Orthopaedics 6 = Otolaryngology head & neck 7 = Ophthalmology 8 = Paediatrics 9 = Obstetrics & Gynaecology 10 = Plastic 11 = Oral / Maxillofacial 12 = Cardiothoracic 13 = Other (specify)	BAS / Teleform	Choice Field	Numeric	Soft check Optional entry
15	Other (specify)	ConsultantSurgeonSpecialtyOther	If the option is not provided, specify specialty of surgeon responsible for the patient	Assessor's comments = Free text	BAS / Teleform	Text	Alphanumeric	Hard check Compulsory entry if 14 = 13
16	Patient age	PatientAgeEnteredBySurgeon	Age of patient (in years) at time of death	Assessor's comments = Free text	BAS / Teleform	Text	Alphanumeric	Soft check Optional entry
17	Patient gender	PatientSexEnteredBySurgeon	Patient's gender at time of death	1 = Male 2 = Female	BAS / Teleform	Choice Field	Numeric	Soft check Optional entry
18	Admitted by surgeon	PatientAdmittedBySurgeon	Was the surgeon responsible for presenting the patient to hospital	1 = Yes 2 = No	BAS / Teleform	Choice Field	Numeric	Soft check Optional entry
19	Aboriginal/Torres Strait Islander descent?	AboriginalDescent		1 = Yes 2 = No	BAS / Teleform	Choice Field	Numeric	Soft check Optional entry
20	Admission Type	AdmissionTypeID	Urgency status assigned to the patient at time of admission	1 = Elective 2 = Emergency	BAS / Teleform	Choice Field	Numeric	Soft check Optional entry
21	Hospital Status	HospitalStatusID	Classification of hospital which patient is being presented to	1 = Private 2 = Public 3 = Co-location	BAS / Teleform	Choice Field	Numeric	Soft check Optional entry
22	Patient Status	PatientStatusID	What insurance status was the patient admitted into the hospital / health service	1 = Private 2 = Public 3 = Veteran	BAS / Teleform	Choice Field	Numeric	Soft check Optional entry

<i>ID</i>	<i>Question</i>	<i>Field name</i>	<i>Definition</i>	<i>Data Codes</i>	<i>Database</i>	<i>Field type</i>	<i>Format</i>	<i>Constraints</i>
23	Main surgical diagnosis on admission (as suspected by clinicians after initial assessment)	AdmitDiagnosisNarrative	Surgical diagnosis made by surgeon at presentation of patient to hospital	Assessor's comments = Free text	BAS / Teleform	Text	Alphanumeric	Hard check Compulsory entry
24	Confirmed main surgical diagnosis (taking into account test results, operations, postmortem, etc)	SurgicalDiagnosisNarrative	Confirmed surgical diagnosis after review of test results, operations, postmortems, etc	Assessor's comments = Free text	BAS / Teleform	Text	Alphanumeric	Hard check Compulsory entry
25	Final cause of death (taking all information into account, including postmortem)	CauseOfDeathNarrative	Surgical diagnosis responsible for the cause of the patient's death	Assessor's comments = Free text	BAS / Teleform	Text	Alphanumeric	Hard check Compulsory entry
26	Was a malignancy present, even if not the main diagnosis?	MalignancyPresent	Was a cancer present during the patient's hospital admission	1 = Yes 2 = No	BAS / Teleform	Choice Field	Numeric	Soft check Optional entry
27	What was the nature of the malignancy?	NatureOfMalignancy	Describe the type of cancer present	Assessor's comments = Free text	BAS / Teleform	Text	Alphanumeric	Hard check Compulsory entry if 26 = 1
28	Was the metastatic disease present?	MetastaticDiseasePresent	Had the cancer spread to other parts of the body	1 = Yes 2 = No	BAS / Teleform	Choice Field	Numeric	Hard check Compulsory entry if 26 = 1
29	Did the malignancy contribute to death?	MalignancyContributed	Did the tumour / cancer contribute to the death of the patient	1 = Yes 2 = No	BAS / Teleform	Choice Field	Numeric	Hard check Compulsory entry if 26 = 1
30	Were there significant co-existing factors increasing risk of death?	CaseCoFactor	Where there any significant co-existing factors which contributed to the death of the patient	1 = Yes 2 = No	BAS / Teleform	Choice Field	Numeric	Soft check Optional entry

<i>ID</i>	<i>Question</i>	<i>Field name</i>	<i>Definition</i>	<i>Data Codes</i>	<i>Database</i>	<i>Field type</i>	<i>Format</i>	<i>Constraints</i>
31	(tick all that apply)	CaseCoFactorID	Indicate all significant co-existing factors which increased the risk of death of the patient	Cardiovascular = Cardiovascular Respiratory = Respiratory Renal = Renal Hepatic = Hepatic Neurological = Neurological Advanced malignancy = Advanced malignancy Diabetes = Diabetes Obesity = Obesity Age = Age Other (specify) = Other (specify)	BAS / Teleform	Multiple Choice Field	Numeric	Hard check Compulsory entry if 30 = 1
31.01	Cardiovascular	Cardiovascular	Was the risk of death increased due to cardiovascular (heart) complications	1 = Cardiovascular	BAS / Teleform	Choice Field	Numeric	Hard check Optional entry if 30 = 1
31.02	Respiratory	Respiratory	Was the risk of death increased due to respiratory (breathing) complications	1 = Respiratory	BAS / Teleform	Choice Field	Numeric	Hard check Optional entry if 30 = 1
31.03	Renal	Renal	Was the risk of death increased due to renal (kidney) complications	1 = Renal	BAS / Teleform	Choice Field	Numeric	Hard check Optional entry if 30 = 1
31.04	Hepatic	Hepatic	Was the risk of death increased due to hepatic (liver) complications	1 = Hepatic	BAS / Teleform	Choice Field	Numeric	Hard check Optional entry if 30 = 1
31.05	Neurological	Neurological	Was the risk of death increased due to neurological or psychiatric complications, such as dementia	1 = Neurological	BAS / Teleform	Choice Field	Numeric	Hard check Optional entry if 30 = 1
31.06	Advanced malignancy	AdvancedMalignancy	Was the risk of death increased due to advanced malignancy (advanced cancer)	1 = Advanced malignancy	BAS / Teleform	Choice Field	Numeric	Hard check Optional entry if 30 = 1

<i>ID</i>	<i>Question</i>	<i>Field name</i>	<i>Definition</i>	<i>Data Codes</i>	<i>Database</i>	<i>Field type</i>	<i>Format</i>	<i>Constraints</i>
31.07	Diabetes	Diabetes	Was the risk of death increased due to diabetes	1 = Diabetes	BAS / Teleform	Choice Field	Numeric	Hard check Optional entry if 30 = 1
31.08	Obesity	Obesity	Was the risk of death increased due to obesity	1 = Obesity	BAS / Teleform	Choice Field	Numeric	Hard check Optional entry if 30 = 1
31.09	Age	Age	Was the risk of death increased due to the patient's age	1 = Age	BAS / Teleform	Choice Field	Numeric	Hard check Optional entry if 30 = 1
31.1	Other (specify)	Other	Was the risk of death increased due to another significant co-factor, which the option is not provided	1 = Other (specify)	BAS / Teleform	Choice Field	Numeric	Hard check Optional entry if 30 = 1
32	Other (specify)	CoFactorOther	If the option is not provided, specify any other significant co-factors that have contributed to the increased risk of the death of the patient	Assessor's comments = Free text	BAS / Teleform	Text	Alphanumeric	Hard check Compulsory entry if 31.10 = 1
33	ASA Grade	ASAGradeID	The American Society of Anaesthesiologists (ASA) classification of a patient's capability of undergoing surgery, the ASA classifications are as follows: ASA 1 = A normal healthy patient ASA 2 = A patient with mild systemic disease and no functional limitation ASA 3 = A patient with moderate systemic disease and definite functional limitation ASA 4 = A patient with severe systemic disease that is a constant threat to life ASA 5 = A moribund patient unlikely to survive 24 hours, with or without an operation ASA 6 = A brain dead patient for organ donation	1 = ASA 1 2 = ASA 2 3 = ASA 3 4 = ASA 4 5 = ASA 5 6 = ASA 6	BAS / Teleform	Choice Field	Numeric	Soft check Optional entry
34	Was the patient transferred pre-op?	PatientTransferred	Was the patient transferred from another hospital prior to the operation	1 = Yes 2 = No	BAS / Teleform	Choice Field	Numeric	Soft check Optional entry

<i>ID</i>	<i>Question</i>	<i>Field name</i>	<i>Definition</i>	<i>Data Codes</i>	<i>Database</i>	<i>Field type</i>	<i>Format</i>	<i>Constraints</i>
35	Hospital transferred from	TransferredFromHospital	Name of hospital which patient was transferred from prior to the operation	Assessor's comments = Free text	BAS / Teleform	Choice Field	Numeric	Hard check Compulsory entry if 34 = 1
36	Distance (km)	PatientTransferredDistance	Distance between the transferring hospital and reporting hospital (in kms)	Assessor's comments = Free text	BAS / Teleform	Text	Alphanumeric	Hard check Compulsory entry if 34 = 1
37	Was there a delay in transfer?	TransferDelay	Was a delay experienced during the transfer of the patient to the reporting hospital	1 = Yes 2 = No	BAS / Teleform	Choice Field	Numeric	Hard check Compulsory entry if 34 = 1
38	Any problems with transfer?	TransferProblems	Were there any problems experienced during the transfer of the patient to the reporting hospital	1 = Yes 2 = No	BAS / Teleform	Choice Field	Numeric	Hard check Compulsory entry if 34 = 1
39	Was the transfer appropriate?	TransferAppropriate	Was the decision to transfer the patient to the reporting hospital appropriate	1 = Yes 2 = No	BAS / Teleform	Choice Field	Numeric	Hard check Compulsory entry if 34 = 1
40	Was level of care during transport appropriate?	TransferLevelOfCareAppropriate	Was the treatment provided to the patient during transfer satisfactory	1 = Yes 2 = No	BAS / Teleform	Choice Field	Numeric	Hard check Compulsory entry if 34 = 1
41	Was there sufficient clinical information?	TransferSufficientInfo	Was there enough information provided during the patient transfer	1 = Yes 2 = No	BAS / Teleform	Choice Field	Numeric	Hard check Compulsory entry if 34 = 1
42	Was there a pre-op delay/error in confirmation of main surgical diagnosis?	MainSurgicalDxDelay	Was there a delay / error during the process of confirming the surgical diagnosis of the patient	1 = Yes 2 = No	BAS / Teleform	Choice Field	Numeric	Soft check Optional entry
43	Was the Delay associated with GP	MainSurgicalDxDelayAssGP	Was the GP responsible for the delay in confirming the surgical diagnosis of the patient	1 = Yes	BAS / Teleform	Choice Field	Numeric	Hard check Optional entry if 42 = 1
44	Was the Delay associated with Medical Unit	MainSurgicalDxDelayAssMedUnit	Was the medical unit responsible for the delay in confirming the surgical diagnosis of the patient	1 = Yes	BAS / Teleform	Choice Field	Numeric	Hard check Optional entry if 42 = 1
45	Was the Delay associated with Surgical Unit	MainSurgicalDxDelayAssSurgUnit	Was the surgical unit responsible for the delay in confirming the surgical diagnosis of the patient	1 = Yes	BAS / Teleform	Choice Field	Numeric	Hard check Optional entry if 42 = 1

<i>ID</i>	<i>Question</i>	<i>Field name</i>	<i>Definition</i>	<i>Data Codes</i>	<i>Database</i>	<i>Field type</i>	<i>Format</i>	<i>Constraints</i>
46	Was the Delay associated with Other (specify)	MainSurgicalDxDelayAssOtherTic	Was the party responsible for the delay in confirming the surgical diagnosis of the patient not provided	1 = Yes	BAS / Teleform	Choice Field	Numeric	Hard check Optional entry if 42 = 1
47	Other (specify)	MainSurgicalDxDelayAssOther	If the option is not provided, specify the responsible party for the delay in confirming the main surgical diagnosis of the patient	Assessor's comments = Free text	BAS / Teleform	Text	Alphanumeric	Hard check Compulsory entry if 46 = 1
48	Was this due to Inexperience of staff	MainSurgicalDxDelayCauseInexpS	Was the delay in confirmation of surgical diagnosis of the patient due to inexperienced staff	1 = Yes	BAS / Teleform	Choice Field	Numeric	Hard check Optional entry if 42 = 1
49	Was this due to Failure to do correct test	MainSurgicalDxDelayCauseIncorr	Was the delay in confirmation of surgical diagnosis of the patient due to conducting incorrect tests on the patient	1 = Yes	BAS / Teleform	Choice Field	Numeric	Hard check Optional entry if 42 = 1
50	Was this due to Misinterpretation of results	MainSurgicalDxDelayCauseMisint	Was the delay in confirmation of surgical diagnosis of the patient due to misinterpreting the results obtained from the tests conducted on the patient	1 = Yes	BAS / Teleform	Choice Field	Numeric	Hard check Optional entry if 42 = 1
51	Was this due to Results not seen	MainSurgicalDxDelayCauseResult	Was the delay in confirmation of surgical diagnosis of the patient due to not having access to the test results conducted on the patient	1 = Yes	BAS / Teleform	Choice Field	Numeric	Hard check Optional entry if 42 = 1
52	Was this due to Unavoidable factors	MainSurgicalDxDelayCauseUnavoid	Was the delay in confirmation of surgical diagnosis of the patient due to unavoidable factors	1 = Yes	BAS / Teleform	Choice Field	Numeric	Hard check Optional entry if 42 = 1
53	Was this due to Other (specify)	MainSurgicalDxDelayCauseOtherT	Was the reason behind the delay in confirmation of surgical diagnosis of the patient not provided	1 = Yes	BAS / Teleform	Choice Field	Numeric	Hard check Optional entry if 42 = 1
54	Other (specify)	MainSurgicalDxDelayCauseOther	If the option is not provided, specify the reason behind the delay in confirmation of surgical diagnosis of the patient	Assessor's comments = Free text	BAS / Teleform	Text	Alphanumeric	Hard check Compulsory entry if 53 = 1

<i>ID</i>	<i>Question</i>	<i>Field name</i>	<i>Definition</i>	<i>Data Codes</i>	<i>Database</i>	<i>Field type</i>	<i>Format</i>	<i>Constraints</i>
55	Was this patient treated in a critical care unit (ICU or HDU) during this admission?	TreatedInCriticalCareUnit	Did the patient treated by a critical care unit (Intensive Care Unit or High Dependency Unit) during their admission	1 = Yes 2 = No	BAS / Teleform	Choice Field	Numeric	Soft check Optional entry
56	Should this patient have been provided critical care in Intensive Care Unit (ICU)?	ICUShouldHave	If patient was not provided critical care during their admission, should the patient have been admitted to the Intensive Care Unit	1 = Yes 2 = No	BAS / Teleform	Choice Field	Numeric	Hard check Compulsory entry if 55 = 2
57	Should this patient have been provided critical care in High Dependency Unit (ICU)?	HDUShouldHave	If patient was not provided critical care during their admission, should the patient have been admitted to the High Dependency Unit	1 = Yes 2 = No	BAS / Teleform	Choice Field	Numeric	Hard check Compulsory entry if 55 = 2
58	Why did this patient not receive critical care?	CaseNoCriticalCareReasonID	Why was critical care not provided to the patient	1 = No ICU / HDU bed available 2 = Admission refused by critical care staff 3 = No critical care unit in hospital 4 = Active decision not to refer to critical care unit 5 = Not applicable	BAS / Teleform	Choice Field	Numeric	Hard check Optional entry if 56 or 57 = 1
58.01	No ICU/HDU bed available	NotTreatedCCUNoBed	The patient did not receive critical care because there were no beds available in the intensive care unit / high dependency unit	1 = No ICU/HDU bed available	BAS / Teleform	Choice Field	Numeric	Hard check Optional entry if 56 or 57 = 1
58.02	Admission refused by critical care staff	NotTreatedCCURefused	The patient did not receive critical care because the admission was refused by the critical care team	1 = Admission refused by critical care staff	BAS / Teleform	Choice Field	Numeric	Hard check Optional entry if 56 or 57 = 1
58.03	No critical care unit in the hospital	NotTreatedCCUNoCCU	The patient did not receive critical care because the hospital did not have a critical care unit	1 = No critical care unit in the hospital	BAS / Teleform	Choice Field	Numeric	Hard check Optional entry if 56 or 57 = 1

<i>ID</i>	<i>Question</i>	<i>Field name</i>	<i>Definition</i>	<i>Data Codes</i>	<i>Database</i>	<i>Field type</i>	<i>Format</i>	<i>Constraints</i>
58.04	Active decision not to refer to critical care unit	NotTreatedCCUNotRefer	The patient did not receive critical care because it was decided the patient should not be referred to the critical care unit	1 = Active decision not to refer to critical care unit	BAS / Teleform	Choice Field	Numeric	Hard check Optional entry if 56 or 57 = 1
58.05	Not applicable	NotTreatedCCUNA	The patient did not receive critical care because it was not applicable	1 = Not applicable	BAS / Teleform	Choice Field	Numeric	Hard check Optional entry if 56 or 57 = 1
59	Was the surgical team satisfied with the critical care unit (ICU or HDU) management of this patient?	SurgicalTeamSatisfiedWithCriti	If the patient was provided with critical care during their admission, was the surgical team satisfied with the critical care unit's management of the patient	1 = Yes 2 = No	BAS / Teleform	Choice Field	Numeric	Hard check Compulsory entry if 55 = 1
60	(specify reasons below)	SurgicalTeamDissatisfiedWithCr	If the surgical team was not satisfied with the critical care unit's management of the patient, describe the reasons for the dissatisfaction of critical care management	Assessor's comments = Free text	BAS / Teleform	Text	Alphanumeric	Hard check Compulsory entry if 59 = 2
61	Is there a report attached?	CourseToDeathReportAttached	Was there a report attached to the Case Record Form (CRF) which further describes the events leading up to the patient's death	1 = Yes 2 = No	BAS	Choice Field	Numeric	Soft check Optional entry
62	Please describe the course to death	CourseToDeath	Describe the relevant events leading up to the patient's death	Assessor's comments = Free text	BAS / Teleform	Text	Alphanumeric	Hard check Compulsory entry
63	Was an operation performed within 30 days of death or during the last admission?	OpWithin30Days	Did the patient undergo a surgical procedure within 30 days of the patient's death or during the last admission	1 = Yes 2 = No	BAS / Teleform	Choice Field	Numeric	Hard check Compulsory entry
64	It was not a surgical problem	NotSurgicalProblem	If there was no operation performed within 30 days of the patient's death or during the last admission, was the problem not surgical	1 = Yes	BAS / Teleform	Choice Field	Numeric	Hard check Optional entry if 63 = 2

<i>ID</i>	<i>Question</i>	<i>Field name</i>	<i>Definition</i>	<i>Data Codes</i>	<i>Database</i>	<i>Field type</i>	<i>Format</i>	<i>Constraints</i>
65	Active decision not to operate	DecisionNotToOperate	If there was no operation performed within 30 days of the patient's death or during the last admission, was there an active decision made to not operate on the patient	1 = Yes	BAS / Teleform	Choice Field	Numeric	Hard check Optional entry if 63 = 2
66	Was this a consultant's decision	NotToOperateConsultant	If a decision was made not to operate on the patient, was it a consultant's decision	1 = Yes 2 = No	BAS / Teleform	Choice Field	Numeric	Hard check Compulsory entry if 65 = 1
67	Patient refused operation	PatientRefusedOp	If there was no operation performed within 30 days of the patient's death or during the last admission, did the patient refuse to be operated on	1 = Yes	BAS / Teleform	Choice Field	Numeric	Hard check Optional entry if 63 = 2
68	Was a decision made to limit treatment	LimitTreatmentDecision	If the patient refused to be operated on, was there a decision made to limit the treatment provided to the patient	1 = Yes 2 = No	BAS / Teleform	Choice Field	Numeric	Hard check Compulsory entry if 67 = 1
69	Rapid death	RapidDeath	If there was no operation performed within 30 days of the patient's death or during the last admission, was it due to the rapid death of the patient	1 = Yes	BAS / Teleform	Choice Field	Numeric	Hard check Optional entry if 63 = 2
70	Surgeon's view (before any surgery) of overall risk of death	DeathRiskID	What is the surgeon's view of the patient's overall risk of death before any surgical procedures	1 = Minimal 2 = Small 3 = Moderate 4 = Considerable 5 = Expected	BAS / Teleform	Choice Field	Numeric	Hard check Compulsory entry if 63 = 1
71	Description of operation(s) - Operation 1 Operation (1)	OperationNarrative_1	Describe operation procedures Also referred to as 'surgical episode' For statistical purposes, each surgical episode can have more than 1 procedure	Assessor's comments = Free text	BAS / Teleform	Text	Alphanumeric	Hard check Compulsory entry if 63 = 1
72	Date	OperationDate1	Indicate date of first surgical procedure Also referred to as 'date of surgical episode' If missing data, enter 01/01/2000 as default time	Assessor's comments = Free text	BAS / Teleform	Text	Numeric	Hard check Compulsory entry if 71 = text entry

<i>ID</i>	<i>Question</i>	<i>Field name</i>	<i>Definition</i>	<i>Data Codes</i>	<i>Database</i>	<i>Field type</i>	<i>Format</i>	<i>Constraints</i>
73	Start time (24hr clock)	OperationStartTime1	Indicate the time of the beginning of the first surgical procedure in 24 hour format	Assessor's comments = Free text	BAS / Teleform	Text	Numeric	Hard check Compulsory entry if 71 = text entry
73.01	Start time (24hr clock) - Hours	OperationHH1	Indicate the hour of the time of the beginning of the first surgical procedure in 24 hour format		BAS / Teleform		Numeric	Hard check Compulsory entry if 71 = text entry
73.02	Start time (24hr clock) - Minutes	OperationMM1	Indicate the minutes of the time of the beginning of the first surgical procedure		BAS / Teleform		Numeric	Hard check Compulsory entry if 71 = text entry
74	Estimated length of operation (hrs)	LengthOperation1	Indicate the length of time of the first surgical procedure in hours	Assessor's comments = Free text	BAS / Teleform	Text	Numeric	Hard check Compulsory entry if 71 = text entry
75	Description of operation(s) - Operation 2 Operation (2)	OperationNarrative_2	Describe operation procedures Also referred to as 'surgical episode' For statistical purposes, each surgical episode can have more than 1 procedure	Assessor's comments = Free text	BAS / Teleform	Text	Alphanumeric	Hard check Optional entry if 63 = 1
76	Date	OperationDate2	Indicate date of second surgical procedure Also referred to as 'date of surgical episode' If missing data, enter 01/01/2000 as default time	Assessor's comments = Free text	BAS / Teleform	Text	Numeric	Hard check Compulsory entry if 75 = text entry
77	Start time (24hr clock)	OperationStartTime2	Indicate the time of the beginning of the second surgical procedure in 24 hour format	Assessor's comments = Free text	BAS / Teleform	Text	Numeric	Hard check Compulsory entry if 75 = text entry
77.01	Start time (24hr clock) - Hours	OperationHH2	Indicate the hour of the time of the beginning of the second surgical procedure in 24 hour format		BAS / Teleform		Numeric	Hard check Compulsory entry if 75 = text entry

<i>ID</i>	<i>Question</i>	<i>Field name</i>	<i>Definition</i>	<i>Data Codes</i>	<i>Database</i>	<i>Field type</i>	<i>Format</i>	<i>Constraints</i>
77.02	Start time (24hr clock) - Minutes	OperationMM2	Indicate the minutes of the time of the beginning of the second surgical procedure		BAS / Teleform		Numeric	Hard check Compulsory entry if 75 = text entry
78	Estimated length of operation (hrs)	LengthOperation2	Indicate the length of time of the second surgical procedure in hours	Assessor's comments = Free text	BAS / Teleform	Text	Numeric	Hard check Compulsory entry if 75 = text entry
79	Description of operation(s) - Operation 3 Operation (3)	OperationNarrative_3	Describe operation procedures Also referred to as 'surgical episode' For statistical purposes, each surgical episode can have more than 1 procedure	Assessor's comments = Free text	BAS / Teleform	Text	Alphanumeric	Hard check Optional entry if 63 = 1
80	Date	OperationDate3	Indicate date of third surgical procedure Also referred to as 'date of surgical episode' If missing data, enter 01/01/2000 as default time	Assessor's comments = Free text	BAS / Teleform	Text	Numeric	Hard check Compulsory entry if 79 = text entry
81	Start time (24hr clock)	OperationStartTime3	Indicate the time of the beginning of the third surgical procedure in 24 hour format	Assessor's comments = Free text	BAS / Teleform	Text	Numeric	Hard check Compulsory entry if 79 = text entry
81.01	Start time (24hr clock) - Hours	OperationHH3	Indicate the hour of the time of the beginning of the third surgical procedure in 24 hour format		BAS / Teleform		Numeric	Hard check Compulsory entry if 79 = text entry
81.02	Start time (24hr clock) - Minutes	OperationMM3	Indicate the minutes of the time of the beginning of the third surgical procedure		BAS / Teleform		Numeric	Hard check Compulsory entry if 79 = text entry
82	Estimated length of operation (hrs)	LengthOperation3	Indicate the length of time of the third surgical procedure in hours	Assessor's comments = Free text	BAS / Teleform	Text	Numeric	Hard check Compulsory entry if 79 = text entry

<i>ID</i>	<i>Question</i>	<i>Field name</i>	<i>Definition</i>	<i>Data Codes</i>	<i>Database</i>	<i>Field type</i>	<i>Format</i>	<i>Constraints</i>
83	Timing of Operation? - 1st Op	OperationTimingID_1	What was the timing classification of the first surgical procedure	1 = Elective 2 = Immediate (less than 2 hours) 3 = Emergency (less than 24 hours) 4 = Scheduled emergency (more than 24 hours post admission)	BAS / Teleform	Choice Field	Numeric	Hard check Compulsory entry if 71 = text entry
84	Timing of Operation? - 2nd Op	OperationTimingID_2	What was the timing classification of the second surgical procedure	1 = Elective 2 = Immediate (less than 2 hours) 3 = Emergency (less than 24 hours) 4 = Scheduled emergency (more than 24 hours post admission)	BAS / Teleform	Choice Field	Numeric	Hard check Compulsory entry if 75 = text entry
85	Timing of Operation? - 3rd Op	OperationTimingID_3	What was the timing classification of the third surgical procedure	1 = Elective 2 = Immediate (less than 2 hours) 3 = Emergency (less than 24 hours) 4 = Scheduled emergency (more than 24 hours post admission)	BAS / Teleform	Choice Field	Numeric	Hard check Compulsory entry if 79 = text entry
86	Was there an anaesthetist present at the operation? - 1st Op	AnaesthetistPresent_1	Was an anaesthetist present at the first surgical procedure	1 = Yes 2 = No	BAS / Teleform	Choice Field	Numeric	Hard check Compulsory entry if 71 = text entry
87	Was there an anaesthetist present at the operation? - 2nd Op	AnaesthetistPresent_2	Was an anaesthetist present at the second surgical procedure	1 = Yes 2 = No	BAS / Teleform	Choice Field	Numeric	Hard check Compulsory entry if 75 = text entry
88	Was there an anaesthetist present at the operation? - 3rd Op	AnaesthetistPresent_3	Was an anaesthetist present at the third surgical procedure	1 = Yes 2 = No	BAS / Teleform	Choice Field	Numeric	Hard check Compulsory entry if 79 = text entry

<i>ID</i>	<i>Question</i>	<i>Field name</i>	<i>Definition</i>	<i>Data Codes</i>	<i>Database</i>	<i>Field type</i>	<i>Format</i>	<i>Constraints</i>
89	Was the operation abandoned on finding a terminal situation? - 1st Op	OperationAbandoned_1	Was the first surgical procedure aborted on the discovery of a terminal situation	1 = Yes 2 = No 3 = N/A	BAS / Teleform	Choice Field	Numeric	Hard check Compulsory entry if 71 = text entry
90	Was the operation abandoned on finding a terminal situation? - 2nd Op	OperationAbandoned_2	Was the second surgical procedure aborted on the discovery of a terminal situation	1 = Yes 2 = No 3 = N/A	BAS / Teleform	Choice Field	Numeric	Hard check Compulsory entry if 75 = text entry

166	Other (specify)	ComplicationOther	If the option is not provided, specify the surgical complication relating to the present admission	Assessor's comments = Free text	BAS / Teleform	Text	Alphanumeric	Hard check Compulsory entry if 165.12 = 1

<i>ID</i>	<i>Question</i>	<i>Field name</i>	<i>Definition</i>	<i>Data Codes</i>	<i>Database</i>	<i>Field type</i>	<i>Format</i>	<i>Constraints</i>
167	Was there a delay in recognising post-operative complications?	ComplicationRecogniseDelay	Was the post-operative complication identified without delay	1 = Yes 2 = No	BAS / Teleform	Choice Field	Numeric	Hard check Compulsory if 164 = 1
168	Do you consider management could have been improved in the following areas? - Pre-operative management/preparation	ManagementImprovePreOp	Management of the patient could have been improved through reviewing the pre-operative preparation	1 = Yes 2 = No	BAS / Teleform	Choice Field	Numeric	Hard check Compulsory if 63 = 1
169	Do you consider management could have been improved in the following areas? - Decision to operate at all	ManagementImproveOpDecision	Management of the patient could have been improved through reviewing the decision to operate	1 = Yes 2 = No	BAS / Teleform	Choice Field	Numeric	Hard check Compulsory if 63 = 1
170	Do you consider management could have been improved in the following areas? - Choice of operation	ManagementImproveOpChoice	Management of the patient could have been improved by reviewing the choice of surgical procedure	1 = Yes 2 = No	BAS / Teleform	Choice Field	Numeric	Hard check Compulsory if 63 = 1
171	Do you consider management could have been improved in the following areas? - Timing of operation (too late, too soon, wrong time of day)	ManagementImproveOpTiming	Management of the patient could have been improved by reviewing the timing of the surgical procedure	1 = Yes 2 = No	BAS / Teleform	Choice Field	Numeric	Hard check Compulsory if 63 = 1
172	Do you consider management could have been improved in the following areas? - Intra-operative/technical management of surgery	ManagementImproveIntraOp	Management of the patient could have been improved by reviewing the intra-operative and technical management of the surgical procedure	1 = Yes 2 = No	BAS / Teleform	Choice Field	Numeric	Hard check Compulsory if 63 = 1
173	Do you consider management could have been improved in the following areas? - Grade/experience of surgeon deciding	ManagementImproveSurgeonDecisi	Management of the patient could have been improved by reviewing the grade or experience of the surgeon deciding on the surgical procedure	1 = Yes 2 = No	BAS / Teleform	Choice Field	Numeric	Hard check Compulsory if 63 = 1

<i>ID</i>	<i>Question</i>	<i>Field name</i>	<i>Definition</i>	<i>Data Codes</i>	<i>Database</i>	<i>Field type</i>	<i>Format</i>	<i>Constraints</i>
174	Do you consider management could have been improved in the following areas? - Grade/experience of surgeon operating	ManagementImproveSurgeonOperat	Management of the patient could have been improved by reviewing the grade or experience of the surgeon responsible for performing the surgical procedure	1 = Yes 2 = No	BAS / Teleform	Choice Field	Numeric	Hard check Compulsory if 63 = 1
175	Do you consider management could have been improved in the following areas? - Post-operative care	ManagementImprovePostOperative	Management of the patient could have been improved by reviewing the post-operative care of the patient	1 = Yes 2 = No	BAS / Teleform	Choice Field	Numeric	Hard check Compulsory if 63 = 1
176	Was there an anaesthetic component to this death?	AnaestheticAssociated	Was the patient's death related to the use of an anaesthetic	1 = Yes 2 = N 3 = Possibly	BAS / Teleform	Choice Field	Numeric	Hard check Compulsory if 63 = 1
177	Was death within 48 hours of last anaesthetic?	AnaesthDelayID	Was the patient provided with an anaesthetic 48 hours before death	1 = Yes 2 = No 3 = Don't know	BAS / Teleform	Choice Field	Numeric	Hard check Compulsory if 63 = 1
178	Was a post-mortem examination performed?	PostMortemPerformedID	Was a medical examination performed on the patient's deceased body	1 = Yes - Hospital 2 = Yes - Coroner 3 = No 4 = Refused 5 = Unknown	BAS / Teleform	Choice Field	Numeric	Soft check Optional entry
179	If Yes, have you read the post-mortem report at the time of completing this form?	PostMortemReadReport	If a medical examination was performed on the patient, was the medical examination report read before completing this form	1 = Yes 2 = No	BAS / Teleform	Choice Field	Numeric	Hard check Optional entry if 178 = 1 or 2
180	If Yes, did the post-mortem contribute additional information, which if known, may have changed management?	PostMortemMoreInfo	If the report was read, was there any additional information which lead to changing the management of the patient	1 = Yes 2 = No	BAS / Teleform	Choice Field	Numeric	Hard check Optional entry if 178 = 1 or 2
181	If No or Refused, would you have preferred a post-mortem?	PostMortemPreferred	If no medical examination was performed on the patient, would the examination be preferred	1 = Yes 2 = No	BAS / Teleform	Choice Field	Numeric	Hard check Optional entry if 178 = 3 or 4
182	Was DVT prophylaxis used?	DVTProphylaxis	Was deep vein thrombosis (DVT) used in the management of the patient	1 = Yes 2 = No	BAS / Teleform	Choice Field	Numeric	Soft check Optional entry

<i>ID</i>	<i>Question</i>	<i>Field name</i>	<i>Definition</i>	<i>Data Codes</i>	<i>Database</i>	<i>Field type</i>	<i>Format</i>	<i>Constraints</i>
183	If Yes (tick all that apply) - Heparin Heparin (any form)		Was any form of heparin used during the patient's management	1 = Yes	BAS / Teleform	Choice Field	Numeric	Soft check Optional entry if 182 = 1
184	If Yes (tick all that apply) - Warfarin Warfarin		Was warfarin used during the patient's management	1 = Yes	BAS / Teleform	Choice Field	Numeric	Soft check Optional entry if 182 = 1
185	If Yes (tick all that apply) - Aspirin Aspirin		Was aspirin used during the patient's management	1 = Yes	BAS / Teleform	Choice Field	Numeric	Soft check Optional entry if 182 = 1
186	If Yes (tick all that apply) - Compression Sequential compression device		Was sequential compression device used during the patient's management	1 = Yes	BAS / Teleform	Choice Field	Numeric	Soft check Optional entry if 182 = 1
187	If Yes (tick all that apply) - TEDStockings TED Stockings		Were thrombo embolic deterrent (TED) stockings used during the patient's management	1 = Yes	BAS / Teleform	Choice Field	Numeric	Soft check Optional entry if 182 = 1
188	If Yes (tick all that apply) - DVTOther Other (specify)		Was another form of deep vein thrombosis (DVT) used during the patient's management	1 = Yes	BAS / Teleform	Choice Field	Numeric	Soft check Optional entry if 182 = 1
189	Other (specify)	DVTProphylaxisAgentOther	Specify the form of deep vein thrombosis (DVT) used during the patient's management, if option is not provided	Assessor's comments = Free text	BAS / Teleform	Text	Alphanumeric	Hard check Compulsory entry if 188 = 1
190	If No, state reasons	DVTProphylaxisNoReasonID	Provided a reason why deep vein thrombosis (DVT) was not used during the patient's management	1 = Not appropriate 2 = Active decision to withhold 3 = Not considered	BAS / Teleform	Choice Field	Numeric	Hard check Compulsory entry if 182 = 2
191	and please comment on why NOT used	DVTProphylaxisNoReasonComment	Comment on why deep vein thrombosis (DVT) was not used during the patient's management	Assessor's comments = Free text	BAS / Teleform	Text	Alphanumeric	Hard check Compulsory entry if 182 = 2
192	Were there any areas for CONSIDERATION, CONCERN or ADVERSE EVENTS in the management of this patient?	ClinicalEvents	Were there any areas for consideration, concern or adverse events associated with the management of the patient	1 = Yes 2 = No	BAS / Teleform	Choice Field	Numeric	Hard check Compulsory entry

<i>ID</i>	<i>Question</i>	<i>Field name</i>	<i>Definition</i>	<i>Data Codes</i>	<i>Database</i>	<i>Field type</i>	<i>Format</i>	<i>Constraints</i>
193	1. (Please describe the most significant event)	AdverseEventDescription_1	Describe the most significant area of consideration, concern or adverse event associated with the patient	Assessor's comments = Free text	BAS / Teleform	Text	Alphanumeric	Hard check Compulsory entry if 192 = 1
194	Area of:	AdverseEventAreaID_1	Indicate whether the event was an area of consideration, concern or adverse event	1 = Consideration 2 = Concern 3 = Adverse Event	BAS / Teleform	Choice Field	Alphanumeric	Hard check Compulsory entry if 193 = text entry
195	Which:	AdverseEventOutcomeID_1	Indicate the impact this event had on the outcome of the patient	1 = Made no difference to outcome 2 = May have contributed to death 3 = Caused death of patient who would otherwise be expected to survive	BAS / Teleform	Choice Field	Numeric	Hard check Compulsory entry if 193 = text entry
196	Was it preventable?	AdverseEventPreventableID_1	Indicate whether the event was preventable	1 = Definitely 2 = Probably 3 = Probably not 4 = Definitely not	BAS / Teleform	Choice Field	Numeric	Hard check Compulsory entry if 193 = text entry
197	Associated with?	AdverseEventAssociationID_1	Indicate who was associated with the area of consideration, concern or adverse event	Audteam_1 = Audited surgical team Clinteam_1 = Another clinical team Hospital_1 = Hospital Other_1 = Other (specify)	BAS / Teleform	Choice Field	Numeric	Hard check Compulsory entry if 193 = text entry
198	Other (specify)	AssociationOtherDetail_1	If the option is not provided, specify who was associated with the patient's area of consideration, concern or adverse event	Assessor's comments = Free text	BAS / Teleform	Text	Alphanumeric	Hard check Compulsory entry if 197 = Other_1
199	2. (Please describe the second most significant event)	AdverseEventDescription_2	Describe the second most significant area of consideration, concern or adverse event associated with the patient	Assessor's comments = Free text	BAS / Teleform	Text	Alphanumeric	Soft check Optional entry if 192 = 1

<i>ID</i>	<i>Question</i>	<i>Field name</i>	<i>Definition</i>	<i>Data Codes</i>	<i>Database</i>	<i>Field type</i>	<i>Format</i>	<i>Constraints</i>
200	Area of:	AdverseEventAreaID_2	Indicate whether the event was an area of consideration, concern or adverse event	1 = Consideration 2 = Concern 3 = Adverse Event	BAS / Teleform	Choice Field	Numeric	Hard check Compulsory entry if 199 = text entry
201	Which:	AdverseEventOutcomeID_2	Indicate the impact this event had on the outcome of the patient	1 = Made no difference to outcome 2 = May have contributed to death 3 = Caused death of patient who would otherwise be expected to survive	BAS / Teleform	Choice Field	Numeric	Hard check Compulsory entry if 199 = text entry
202	Was it preventable?	AdverseEventPreventableID_2	Indicate whether the event was preventable	1 = Definitely 2 = Probably 3 = Probably not 4 = Definitely not	BAS / Teleform	Choice Field	Numeric	Hard check Compulsory entry if 199 = text entry
203	Associated with?	AdverseEventAssociationID_2	Indicate who was associated with the area of consideration, concern or adverse event	Audteam_2 = Audited surgical team Clinteam_2 = Another clinical team Hospital_2 = Hospital Other_2 = Other (specify)	BAS / Teleform	Choice Field	Numeric	Hard check Compulsory entry if 199 = text entry
204	Other (specify)	AssociationOtherDetail_2	If the option is not provided, specify who was associated with the patient's area of consideration, concern or adverse event	Assessor's comments = Free text	BAS / Teleform	Text	Alphanumeric	Hard check Compulsory entry if 203 = Other_2
205	List other events	AdverseEventDescriptionOther	List any other areas for consideration, concern or adverse events associated with the patient's admission	Assessor's comments = Free text	BAS / Teleform	Text	Alphanumeric	Soft check Optional entry if 192 = 1
206	Was there an unplanned return to theatre?	TheatreReturnUnplanned	Did the patient return to the operation theatre unexpectedly	1 = Yes 2 = No 3 = Don't know	BAS / Teleform	Choice Field	Numeric	Soft check Optional entry

<i>ID</i>	<i>Question</i>	<i>Field name</i>	<i>Definition</i>	<i>Data Codes</i>	<i>Database</i>	<i>Field type</i>	<i>Format</i>	<i>Constraints</i>
207	Was there an unplanned admission to a critical care unit?	ICUAdmissionUnplanned	Was the patient admitted to a critical care unit unexpectedly	1 = Yes 2 = No 3 = Don't know	BAS / Teleform	Choice Field	Numeric	Soft check Optional entry
208	Was there an unplanned readmission within 30 days of surgery?	ReadmissionUnplanned	Was the patient readmitted to hospital within 30 days of their surgical procedure	1 = Yes 2 = No 3 = Don't know	BAS / Teleform	Choice Field	Numeric	Soft check Optional entry
209	Was fluid balance an issue In this case?	FluidBalanceUsed	Did the patient experience any fluid balance issues during their admission	1 = Yes 2 = No 3 = Don't know	BAS / Teleform	Choice Field	Numeric	Soft check Optional entry
210	Was there an issue with communication at any stage?	CommunicationIssue	Was a communication issue present during the admission of the patient	1 = Yes 2 = No 3 = Don't know	BAS / Teleform	Choice Field	Numeric	Soft check Optional entry
211	If Yes, describe at what stage there was an issue with communication	CommunicationIssueDescription	Describe who was involved with the communication issue, and at what stage this occurred during the patient's admission	Assessor's comments = Free text	BAS / Teleform	Text	Alphanumeric	Hard check Compulsory entry if 210 = 1
212	Was the antibiotic regime appropriate?	AntibioticRegimeAppropriate	Did the patient receive appropriate antibiotic treatment	1 = Yes 2 = No 3 = Don't know	BAS / Teleform	Choice Field	Numeric	Soft check Optional entry
213	Did this patient die with a clinically-significant infection?	ClinicallySignificantInfection	At the time of death, did the patient have an infection which was associated to the intervention provided by the hospital	1 = Yes 2 = No 3 = Don't know	BAS / Teleform	Choice Field	Numeric	Soft check Optional entry
214	Was this infection acquired	InfectionAcquiredAdmissionTime	Indicate the period of when the infection was acquired	1 = Before this admission 2 = During this admission	BAS / Teleform	Choice Field	Numeric	Hard check Compulsory entry if 213 = 1
215	If acquired during this admission, was the infection	InfectionDuringAdmission	If during the last hospital admission, indicate which stage of the admission was the infection acquired	1 = Acquired pre-operatively 2 = A surgical site infection 3 = Acquired post-operatively 4 = Other invasive-site infection	BAS / Teleform	Choice Field	Numeric	Hard check Compulsory entry if 214 = 2

<i>ID</i>	<i>Question</i>	<i>Field name</i>	<i>Definition</i>	<i>Data Codes</i>	<i>Database</i>	<i>Field type</i>	<i>Format</i>	<i>Constraints</i>
216	Was the infection	InfectionType	Indicate the type of infection acquired	1 = Pneumonia 2 = Systemic infection 3 = Septicaemia 4 = Other	BAS / Teleform	Choice Field	Numeric	Hard check Compulsory entry if 214 = 1
217	Was the infective organism identified?	InfectiveOrganismIdentified		1 = Yes 2 = No	BAS / Teleform	Choice Field	Numeric	Hard check Compulsory entry if 214 = 1
218	What was the organism?	InfectiveOrganism		Assessor's comments = Free text	BAS / Teleform	Text	Alphanumeric	Hard check Compulsory entry if 217 = 1
219	In retrospect, would you have done anything differently?	DifferentActions	From reflecting on the patient's admission, would the surgeon have treated the patient differently	1 = Yes 2 = No	BAS / Teleform	Choice Field	Numeric	Soft check Optional entry
220	If Yes, please specify	DifferentActionsComment	List areas where the patient could have been treated differently, which may have altered the outcome	Assessor's comments = Free text	BAS / Teleform	Text	Alphanumeric	Hard check Compulsory entry if 219 = 1
221	Was trauma involved?	TraumaInvolved	Did the patient go through a physical or emotional injury	1 = Yes 2 = No 3 = Don't know	BAS / Teleform	Choice Field	Numeric	Soft check Optional entry
222	(a) Was trauma the result of a fall?	TraumaCausedByFall	Was the physical or emotional injury a result of a fall	1 = Yes 2 = No	BAS / Teleform	Choice Field	Numeric	Hard check Compulsory entry if 221 = 1
223	If yes, please indicate:	TraumaFallTypeID	If the result of a fall, indicate the location where the fall occurred	1 = Fall at home 2 = Fall in a care facility 3 = Fall in hospital 4 = Unknown 5 = Other (specify)	BAS / Teleform	Choice Field	Numeric	Hard check Compulsory entry if 222 = 1
224	Other (specify) e.g. sport/recreation/farm/work	TraumaFallTypeOther	If the option is not provided, specify the location of where the fall occurred	Assessor's comments = Free text	BAS / Teleform	Text	Alphanumeric	Hard check Compulsory entry if 223 = 5

<i>ID</i>	<i>Question</i>	<i>Field name</i>	<i>Definition</i>	<i>Data Codes</i>	<i>Database</i>	<i>Field type</i>	<i>Format</i>	<i>Constraints</i>
225	(b) Was trauma the result of a road traffic accident?	TraumaCausedByAccident	Was the physical or emotional injury the result of a road traffic accident	1 = Yes 2 = No	BAS / Teleform	Choice Field	Numeric	Hard check Compulsory entry if 222 = 2
226	If yes, please indicate:	TraumaAccidentTypeID	If the result of a road traffic accident, indicate the type of road traffic accident responsible for the injury	1 = Motor vehicle accident 2 = Motor bike accident 3 = Bicycle accident 4 = Pedestrian accident 5 = Unknown 6 = Other (specify)	BAS / Teleform	Choice Field	Numeric	Hard check Compulsory entry if 225 = 1
227	Other (specify)	TraumaAccidentTypeOther	If the option is not provided, specify the type of road traffic accident responsible for the injury	Assessor's comments = Free text	BAS / Teleform	Text	Alphanumeric	Hard check Compulsory entry if 226 = 6
228	(c) Was the trauma the result of violence?	TraumaCausedByViolence	Was the physical or emotional injury a result of a violent encounter	1 = Yes 2 = No	BAS / Teleform	Choice Field	Numeric	Hard check Compulsory entry if 225 = 2
229	If yes, please indicate:	TraumaViolenceTypeID	If the result of a violent encounter, indicate the type of violence responsible for the injury	1 = Domestic violence 2 = Public violence 3 = Self-inflicted violence 4 = Unknown 5 = Other (specify)	BAS / Teleform	Choice Field	Numeric	Hard check Compulsory entry if 228 = 1
230	Other (specify)	TraumaViolenceTypeOther	If the option is not provided, specify the type of violence responsible for the injury	Assessor's comments = Free text	BAS / Teleform	Text	Alphanumeric	Hard check Compulsory entry if 229 = 5
231	Additional comments	AdditionalComments	Provide any additional comments which are relevant to the patient's admission	Assessor's comments = Free text	BAS / Teleform	Text	Alphanumeric	Soft check Optional entry

<i>ID</i>	<i>Question</i>	<i>Field name</i>	<i>Definition</i>	<i>Data Codes</i>	<i>Database</i>	<i>Field type</i>	<i>Format</i>	<i>Constraints</i>
232	Preventability of Outcome - In the view of the First line assessor was the outcome in this case potentially preventable?	OutcomeAvoidable	Was the outcome of the patient preventable	1 = Yes, in my view the outcome was potentially preventable 2 = No, in my view the outcome was not preventable	BAS / Teleform	Choice Field	Numeric	Soft check Optional entry
233	A - Yes, in my view the outcome was potentially preventable V Failure of communication	FailureOfCommunication	The outcome was potentially preventable and was result of a breakdown of communication	1 = V Failure of communication	BAS / Teleform	Choice Field	Numeric	Hard check Optional entry 232 = 1
234	A - Yes, in my view the outcome was potentially preventable W Lack of timely involvement of experienced staff	LackOfTimelyInvolvementOfExper	The outcome was potentially preventable and was result of a lack of timely involvement of experienced staff	1 = W Lack of timely involvement of experienced staff	BAS / Teleform	Choice Field	Numeric	Hard check Optional entry 232 = 1
235	A - Yes, in my view the outcome was potentially preventable X Inadequate resources	InadequateResources	The outcome was potentially preventable and was result of inadequate resources being made available	1 = X Inadequate resources	BAS / Teleform	Choice Field	Numeric	Hard check Optional entry 232 = 1
236	A - Yes, in my view the outcome was potentially preventable Y Protocol breach	ProtocolBreach	The outcome was potentially preventable and was result of a protocol breach with the management of the patient	1 = Y Protocol breach	BAS / Teleform	Choice Field	Numeric	Hard check Optional entry 232 = 1
237	A - Yes, in my view the outcome was potentially preventable Z Other (must be specified)	PotentiallyAvoidableOutcomeOth	If the option is not provided, specify why the outcome was potentially preventable	Assessor's comments = Free text	BAS / Teleform	Text	Alphanumeric	Hard check Optional entry 232 = 1
238	A - Yes, in my view the outcome was potentially preventable 1 Preoperative 1.1 Inadequate preoperative specific condition investigation	InadequatePreoperativeSpecific	The outcome was potentially preventable before the surgical procedure and was result of inadequate preoperative specific condition investigations	1 = 1.1 Inadequate preoperative specific condition investigation	BAS / Teleform	Choice Field	Numeric	Hard check Optional entry 232 = 1

<i>ID</i>	<i>Question</i>	<i>Field name</i>	<i>Definition</i>	<i>Data Codes</i>	<i>Database</i>	<i>Field type</i>	<i>Format</i>	<i>Constraints</i>
239	A - Yes, in my view the outcome was potentially preventable 1 Preoperative 1.2 Inadequate preoperative general investigations	InadequatePreoperativeGeneral	The outcome was potentially preventable before the surgical procedure and was result of inadequate preoperative general investigations	1 = 1.2 Inadequate preoperative general investigations	BAS / Teleform	Choice Field	Numeric	Hard check Optional entry 232 = 1
240	A - Yes, in my view the outcome was potentially preventable 1 Preoperative 1.3 Incorrect or untimely diagnosis	IncorrectOrUntimelyDiagnosis	The outcome was potentially preventable before the surgical procedure and was result of incorrect or untimely diagnosis	1 = 1.3 Incorrect or untimely diagnosis	BAS / Teleform	Choice Field	Numeric	Hard check Optional entry 232 = 1
241	A - Yes, in my view the outcome was potentially preventable 1 Preoperative 1.4 Inappropriate preoperative preparation	InappropriatePreoperativePrep	The outcome was potentially preventable before the surgical procedure and was result of inappropriate preoperative preparation	1 = 1.4 Inappropriate preoperative preparation	BAS / Teleform	Choice Field	Numeric	Hard check Optional entry 232 = 1
242	A - Yes, in my view the outcome was potentially preventable 1 Preoperative 1.5 Inappropriate treatment delay	InappropriateTreatmentDelay	The outcome was potentially preventable before the surgical procedure and was result of inappropriate treatment delay	1 = 1.5 Inappropriate treatment delay	BAS / Teleform	Choice Field	Numeric	Hard check Optional entry 232 = 1
243	A - Yes, in my view the outcome was potentially preventable 1 Preoperative 1.6 Other (must be specified)	PreOperativeOther	If the option is not provided, describe any issues with the management of the patient before the surgical procedure	Assessor's comments = Free text	BAS / Teleform	Text	Alphanumeric	Hard check Optional entry 232 = 1
244	A - Yes, in my view the outcome was potentially preventable 2 Intraoperative 2.1 Personnel issue	PersonnellIssue	The outcome was potentially preventable during the surgical procedure and was result of the personnel involved with the patient's management	1 = 2.1 Personnel issue	BAS / Teleform	Choice Field	Numeric	Hard check Optional entry 232 = 1

<i>ID</i>	<i>Question</i>	<i>Field name</i>	<i>Definition</i>	<i>Data Codes</i>	<i>Database</i>	<i>Field type</i>	<i>Format</i>	<i>Constraints</i>
245	A - Yes, in my view the outcome was potentially preventable 2 Intraoperative 2.2 Facility / equipment issue	FacilityOrEquipmentIssue	The outcome was potentially preventable during the surgical procedure and was result of inadequate facility / equipment	1 = 2.2 Facility / equipment issue	BAS / Teleform	Choice Field	Numeric	Hard check Optional entry 232 = 1
246	A - Yes, in my view the outcome was potentially preventable 2 Intraoperative 2.3 Other (must be specified)	IntraOperativeOther	If the option is not provided, describe any issues with the management of the patient during the surgical procedure	Assessor's comments = Free text	BAS / Teleform	Text	Numeric	Hard check Optional entry 232 = 1
247	A - Yes, in my view the outcome was potentially preventable 3 Postoperative 3.1 Deficient postoperative care	DeficientPostoperativeCare	The outcome was potentially preventable after the surgical procedure and was result of inadequate care provided after the patient's surgical procedure	1 = 3.1 Deficient postoperative care	BAS / Teleform	Choice Field	Numeric	Hard check Optional entry 232 = 1
248	A - Yes, in my view the outcome was potentially preventable 3 Postoperative 3.2 Failure of problem recognition	FailureOfProblemRecognition	The outcome was potentially preventable after the surgical procedure and was result of failing to identify problems resulting from the surgical procedure	1 = 3.2 Failure of problem recognition	BAS / Teleform	Choice Field	Numeric	Hard check Optional entry 232 = 1
249	A - Yes, in my view the outcome was potentially preventable 3 Postoperative 3.3 Other (must be specified)	PostOperativeOther	If the option is not provided, describe any issues with the management of the patient after the surgical procedure	Assessor's comments = Free text	BAS / Teleform	Text	Alphanumeric	Hard check Optional entry 232 = 1
250	B - No, in my view the outcome was not preventable.	OutcomeExpected	Specify whether the outcome, which was not preventable, expected or unexpected	1 = B.1 Expected 2 = B.2 Unexpected	BAS / Teleform	Choice Field	Numeric	Hard check Compulsory entry if 232 = 2
